
PRODUCT INFORMATION

Eppo Drier 2001

PROPERTIES

Eppo Drier 2001 contains oxidizing agents accelerating the drying of the printing ink.

ADVANTAGES

- The inks dry from inside
- Also with closed pile complete drying is secured
- Improved drying on non-absorbent printing substrates
- Equal drying even with varying quantity of fountain solution
- Larger security margin with different humidity in the printing substrate
- Improved rub resistance of the printing ink

APPLICATION

Add to the printing ink up to 3% of EPPO Drier Extra.

FIELD OF APPLICATION

Sheetfed printing

This technical instruction sheet is designed for your information and reference. It is based on and conforms to our current knowledge. However as actual application is affected by many factors over which we have no control, we are not liable for printing failures.
