
PRODUCT INFORMATION

Extrafit Fount Damp Clean NVC 2256

Special cleaning agent for Lototec® dampening rollers

FIELD OF APPLICATION

- For all dampening rollers
- Removes ink and other deposits

PROPERTIES

- Fast and efficient cleaning
- Optimum wetting effect
- Without affecting the roller surface
- Environmental friendly

APPLICATION

The use of protective gloves is recommended. Apply Extrafit Fount Damp Clean NVC 2256 with a soft cloth or sponge, let the cleaner take effect and wipe the rollers again with Extrafit Fount Damp Clean NVC 2256 after a while. It is recommended to let the cleaned rollers dry before printing.

Note: During cleaning it should be avoided that excessive cleaner gets into the dampening solution circuit.

SPECIFICATIONS

- Water-based

CORRESPONDING PRODUCTS

Waterfit	Fountain additive for maximum productivity due to stable process
Washfit	Excellent wash to reduce paper waste and to realise short washing times

STANDARD PACKAGING

- 1 LTR
- 5 LTR

Note: This technical description is intended to inform and advise you. It corresponds to our current state of knowledge. However, since the specific application depends on a number of factors over which we have no influence, no guarantee and liability for the pressure failure can be derived.
