
PRODUCT INFORMATION

Printing Oil 071

Printing oil 071 is a printing oil based on linseed oil.

PROPERTIES

- Increases the smoothness of the printing ink.
- Improves the rolling on the inker.
- Lowers the tackiness.
- Reduces the viscosity.
- Prevents poorly glued papers from picking and build-up.
- Retards absorption of the ink.

APPLICATION

Printing oil 071 can be added to all kinds of inks such as letterpress-, offset and tin printing inks and is also appropriated as additive for laser printing inks.

ADMIXTURE

Admixture quantity: 2 – 5 %

In case of oxidative drying inks add 2 % of special dryer 452 proportionally.

This technical instruction sheet is designed for your information and reference. It is based on and conforms to our current knowledge. However as actual application is affected by many factors over which we have no control, we are not liable for printing failures.
